Software Updates and Documentation
[Download Here](#)

*Note: Screen layout varies based on number of engines & engine type.

Engine Page

Touch zones 1-5 provide access to full screen vessel information

- 1 Engine** - Displays custom list of engine values
- 2 Battery** - Displays battery values plus graphs
- 3 Fuel** - Displays individual fuel tank values plus graphs
- 4 Trim** - Displays trim scales plus numeric numbers
- 5 Speed** - Displays large speed gauge with additional engine info

6 Control Bar: Auto Pilot

Allows access to Mercury Auto Pilot* features.

*Note: features vary based on engine type.

Drifthook (4), Bowhook (5) & Heading Adjust are available as downloadable content (DLC) through the **Features (6)** button or via the GoFree Shop Website: www.gofreemarine.com/mercury

These downloadable features require Mercury's latest joystick system and the electronic control modules on your Joystick system may need to have the firmware updated by your Mercury certified dealer.

To learn more visit:
www.mercurymarine.com/vesselview

*Note: Features will gray out to indicate operating conditions have not been achieved.

7 Control Bar: Vessel Control

Allows access to Mercury engine* control features.

*Note: Control features vary based on engine type.

Control **ACTIVE TRIM*** functionality thru VesselView
*Active Trim control module required

To learn more visit:
www.mercurymarine.com

8 Control Bar: Mercury

Allows you to view engine data at a glance, without having the engine page open.
